

Copper Cabling Solutions

Unloaded UTP Keystone Patch Panel

The Connectix 24 Way Keystone Patch Panels offer high density and the capability for high data transmission performance levels. Supplied unloaded - the patch panel installation and termination time can be greatly reduced when Connectix Tool-less Snap-to-fit Keystone Modules are used in the panel. To further increase on-site installation efficiency, Connectix Express Pre-terminated and Pre-tested Modules can also be used.

Features & Benefits

- High density, 24 ports
- Suitable for UTP Tool-less Keystone Modules
- Suitable for Connectix Express assemblies
- Integrated cable management tray
- Robust all steel construction
- Connectix 25 Year System and Product Warranty
