

Cat 6a FTP Compact Keystone Module

Connectix Compact Keystone Modules have been designed to provide the exceptional performance required to support extremely high speed applications, including 10-Gigabit Ethernet. When used with Connectix Cat6a Cable, the Category 6A Keystone Modules provide an outstanding transmission medium free from the problems of alien crosstalk.

The tool-less and snap-to-fit module ensures a quick and easy to terminate installation, and the standard Keystone fitting allows the use of the same module in patch panels, wall outlets and a variety of other applications.

Features & Benefits

- Quick and easy to install
- Snap-fit to terminate
- Suitable for all standard Keystone applications
- Compact design
- Category 6a hardware performance
- T568A and T568B colour coded wiring terminals
- 25 Year system warranty available
