

SVGA Monitor Cable

HD15 Male / HD15 Male with Ferrite Cores, Black

Reliable connections for superior signal quality.

MANHATTAN SVGA Cables easily connect a monitor with a desktop or notebook computer. Ideal for use with video splitters, KVM switches and any HD15-equipped display, computer or device, MANHATTAN SVGA Cables are engineered and constructed of quality materials to deliver dependable transmissions in video applications. Full foil and braided shielding with ferrite cores help minimize EMI interference and mini-coax (RGB) with paired video wire construction combine to provide maximum conductivity and clear, crisp images with reduced distortion over extended distances.
