

5m (15 ft) Active High Speed HDMI® Cable - Ultra HD 4k x 2k HDMI Cable - HDMI to HDMI M/M

StarTech ID: HDMM5MA

The HDMM5MA 15 ft Active High Speed HDMI® Cable features a built-in active signal booster for a connection distance of up to 15 feet (5m) between your HDMI-enabled devices, with no signal loss.

This durable, lightweight cable features thinner HDMI wire construction - approximately half the thickness of a regular 5m cable, which allows for a more flexible installation with minimal clutter. Plus, the cable features built-in amplifier circuitry which actively boosts the HDMI signal with no external power required.

This high quality HDMI cable fully supports 1080p+ resolutions at up to 120Hz refresh rate, with life-like color. To accommodate the demands of future high definition devices, such as increased resolutions and higher frame rates, this Ultra HD cable supports resolutions up to 4k x 2k.

This 5 meter HDMI cable is backed by StarTech.com's 2-year Warranty.

Please Note: This cable features unidirectional architecture which requires that the cable is installed in the correct direction. Please refer to the "TV" label on the HDMI connector which plugs into your display, in order to ensure that the device and the HDMI source are connected properly.

Applications

- Connecting high-definition A/V devices such as Blu-Ray Disc™ players, HDTVs, DVD Players, DVRs, game consoles, projectors etc., up to 5m away, with no signal loss

Features

- Thin cable construction – outer diameter (OD) of 3.6mm
- Built-in, active amplifier circuitry
- Supports Ultra HD Resolutions up to 4k x 2k
- Gold-plated HDMI connectors
- High quality construction

Technical Specifications

Warranty	2 Years
