

WALL MOUNT PATCH PANEL BRACKETS

When minimal space is available, APW's heavy-duty 16-gauge steel brackets are a great alternative to a full size rack. Designed for 19" equipment, the brackets' hinged design allows convenient wall mounting of patch panels and small equipment while saving valuable floor space. Select from a variety of sizes to best suit your needs.

Features and Benefits

- Heavy-duty 16-gauge steel.
- Black powder coat paint finish.
- Universal mounting for right or left hinging.
- Designed for 19" patch panel mounting.
- EIA spacing – Units accept either #10-32 or #12-24 screws.
- Hinged design allows for easy access to equipment.
- Ready to use right out of the box.
- Packed one per carton.

Application Tips

- Unique hinge design provides easy access to the rear of your equipment.
- Mounts easily onto any vertical surface or APW Relay Racks for additional flexibility where depth is needed.
